Dr. Hosto-Marti received a Ph.D. in Political Science from the University of Missouri – St. Louis, an MPA from Southern Illinois University at Edwardsville, and a BA from Illinois College. She is interested in examining the interaction between civil society and public policy at both the national and global stage. This interest stems from her 20 plus years working as a nonprofit professional. Her current research explores how public perception of advocacy by nonprofits affects people's willingness to contribute to or volunteer for nonprofit organizations. In the classroom, she is committed to preparing students to be informed and engaged participants in the political process.
